September 2, 2009

Dear Patient,

After more than 33 years of serving patients, I retired from medical practice on September 1, 2009.

It has been a pleasure providing for your health care needs, and, while I look forward to the opportunities retirement brings, I will miss the daily interactions with my patients and the warm relationships we have developed over the years.

In my absence, I have arranged for my Urology San Antonio colleagues to provide for your continued medical care. As your needs dictate, simply call the office, and our team will assist you in selecting a doctor to suit your unique requirements. Be assured, that whichever of my partners you select, you will be in good hands.

Prior to your first appointment with your new Urology San Antonio doctor, your medical records will be transferred electronically. If you select a physician from outside Urology San Antonio, you or your doctor may contact our office at (210) 614-4544 x 1043 to request your medical records, or you can complete the medical records request form at urologysanantonio.com. Please be aware that records released directly to patients are subject to a \$10 processing fee; however, as a professional courtesy, this fee is waived when a consulting physician requests the records.

I have greatly valued our relationship, and thank you for your trust and confidence. Best wishes for your future health.

Sincerely,

William P. Fitch, M.D.
